

Suggested Donations

We are so glad that you have decided to come be a part of our family! As you are packing all the things that you need for your visit, we would love it if you could save some room in your suitcase for us. Since Ghana's material industry is limited, getting quality supplies can be difficult. Below we have listed some of the things we are in need of and that can be easily purchased in American, but are hard to come by in Ghana. We are grateful for anything you can bring!

*** Bolded items are needed most**

Boys

Boxers (small adult and child size)
